

# STREET ARMCHAIR

enea

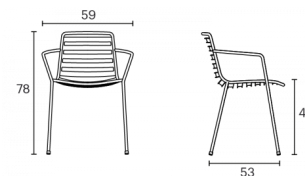

BY Estudi Manel Molina

## Structures

- Ø16×2 mm round cold rolled steel tube
- Steel backrest and seat slats
- Cataphoresis-treated for outdoor use

## Measures

## Accessories

Seat cushion

Seat cushion with magnets

The Street armchair, same as the chair, is specifically designed for outdoor spaces and is made of steel lacquered in any of our colours. It is a very ergonomic model, stackable and with an optional seat cushion available.
