

# KUA LOUNGE 4R REVOLVING

enea

BY Estudi Manel Molina

## Structures

- 4-star injected aluminium base, either polished or lacquered in Enea's colours.
- Lounge chair shell made of foam, with steel frame.
- Polyurethane cushions.
- Connection to the frame with steel screws.
- Tilting mechanism with locking option.
- Fully upholstered option with same fabric in two colours.

## Measures

## Accessories

The Kua lounge chair features a 4-star aluminium swivel base and a fully upholstered shell. It includes a tilting system for reclining, with a locking option to fix it in position. It can be combined with the Kua ottoman for greater comfort.
