## Punto Josep Llusà

The **Punto** table is the faithful companion for the bar stool Coma, although individually is equally versatile in various contract spaces.

Made of steel tube is produced in three different heights (1.100mm, 720mm y 450mm) with both bases and worktops round or square.

The worktop finishes can be stratified, melamine and glass and available in 6 different colours which can be combined with each other.

A single colour finish with glass worktops opens new possibilities when customizing different environments.
