

ENEÀ

Movado / Projects

Josep Llusà

Movado is a program of a versatile task chair intended to use in offices and public spaces. It offers a large flexibility of options with different versions of finishes. The structure of seat and backrest with double curvature in all its variants, ensures an ergonomic correct position in the pursuit of comfort.

Allows lumbar adjustment, variable seat depth and height, the arm is adjustable in four dimensions as well as the resting synchronized between back and seat.
