About Enea

At Enea, we find inspiration in every aspect of daily life when we design and create our premium furniture. Our beautiful, strong, and sustainable pieces travel to all corners of the globe from our factory in the Basque Country, to keep you company while you are eating, chatting, or working. While you are waiting, sharing, or relaxing. We believe that design needs to go hand in hand with authenticity. That is why we have always wanted to give our personal vision to the world of design collaborating with top design studios.

En Enea, diseñamos y fabricamos mobiliario premium inspirándonos en cómo vivimos hoy en día. Desde nuestra fábrica del País Vasco viajan a todo el mundo muebles fuertes, estéticos y sostenibles que nos acompañan a la hora de comer, conversar y trabajar. A la hora de esperar, compartir y descansar. Creemos que el diseño tiene que ir unido a la autenticidad. Por eso, y desde nuestros inicios, hemos querido aportar una mirada propia al mundo del diseño colaborando con los mejores estudios.

Estudi Manel Molina

Created in 2016, Estudi Manel Molina combines the work of Manel Molina with that of Raimon Monsarro, Daniel Castro, and Blanca Roigé for the development of furniture, product, and communication projects. The Gura chair, the result of this work, was created with the goal of achieving a compact chair that easily integrates into different work environments. Its design, featuring fluid curves that follow the necessary ergonomics to ensure comfort, stands out for its continuous armrest that wraps around the seat and backrest, providing support and defining its identity.
