

Leku Chair

Inspired by life
made by enea

The Leku 4L chair features a polypropylene seat and backrest and a four legged steel frame lacquered in any of our colours.

It is a stackable, lightweight and versatile chair that can be part of a home kitchen or dining room, but can also fit perfectly into any space in the contract and restaurant sectors.

Its versatility and functionality make it the perfect choice to optimise space and offer great comfort without compromising on style.
