

Street Stool

Inspired by life
made by enea

The Street stool, designed specifically for outdoor spaces, is made of steel lacquered in any of our colors. It is a very ergonomic model, stackable and with an optional seat cushion.

Innovations in tubular steel, extremely resistant and at the same time minimalist and delicate, are combined with a casual and contemporary design to create a collection that is as functional as it is resistant to all weather conditions. Because the life that inspires us is often found outdoors.

Structure

MEDIUM 4L

HIGH 4L

Sustainability

- Ecodesign (ISO 14006).
- Highly recyclable PP with low additive content, in accordance with EU recommendations to improve plastic recyclability.
- With the end-of-life stage in mind, the number of components has been minimised and they are all easy to separate and can be 100% recycled or reused.
- Steel from 80% recycled sources, 100% recyclable.

Certificates

- Environment compliant with ISO 14001.
- Indoor Advantage Gold certified (air quality in interior spaces).

Warranty

2 years
