

STREET STOOL

enea

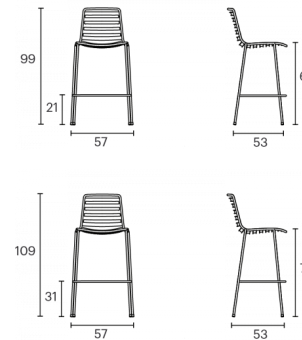

BY Estudi Manel Molina

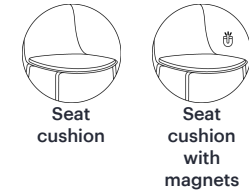

Structures

- Ø16×2 mm and Ø14×2 mm round cold rolled steel tube
- Steel backrest and seat slats
- Cataphoresis-treated for outdoor use

Measures

Accessories

The Street stool with backrest, specifically designed for outdoor spaces, is made of steel lacquered in any of our colours. It is a very ergonomic model, stackable and with an optional seat cushion available. This stool is available in two heights, medium and high.
