

# MOVADO OFFICE CHAIR

enea

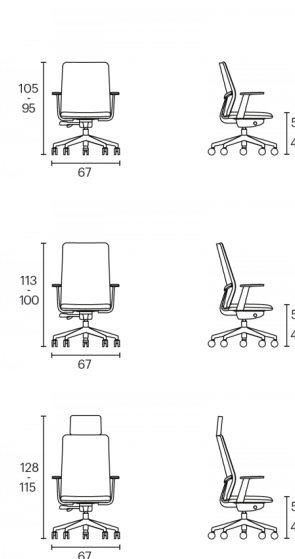

BY Lluscá Design

## Structures

- 5-point polished or lacquered aluminium base with casters
- Adjustable arms type 4D + soft armrests
- UNE-EN 1335-1-2-3:2001

## Measures

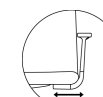

## Accessories

Set of 3D arms

Lumbar support

Set of accessories for the arm width

Movado, available with two backrest heights and an optional headrest, combines the best features of an operative office chair thanks to its functional adaptability and its broad range of finishes. Its accessories allow a lumbar adjustment, variable seat depth and height, adjustable armrest, and backrest and seat recline.
