- Shell in 2D wood or upholstery.
- Seat in upholstery.

Measures

Accessories

Felt foot
pads

The 4-legged structure of Lottus Wood Lounge is made of oak or birch. The shell, also made of wood, can feature a frontal upholstery option, can be combined with an upholstered seat pad, or can be fully upholstered. As well as upholstery, wood approaches a great warmth to the environment and is very adequate for Nordic style locations and hotels.
